Letter From The President
Richard Petersen

It's that time of year again and time for another newsletter from the President. This year has started a lot differently than the last 2 years. It's been nice for me; a little bit of calm is welcome. I hope each of you are doing well and enjoying the summer. This year we are missing a great member in Ray "Slim" Dickey and wish his family the best. Our thoughts are with them and hope they find comfort during this time.

Election years are often different as far as business and this year is no different. On the closer front the news reports say 3 million new people are moving to Utah in the next few years (WOW!). Where to put them and how to provide sufficient clean water to match the growth?! I thought a year ago they said we were out (haha). I guess if you pay enough there is always more. Change will be inevitable; new laws in all our counties to start and eventually new laws at the state level. We all need to keep watch over these changes. If the past is any indication of the future, we as an association need to keep these changes that affect us at the state level where we as a group can have a lot more influence to guide and direct the needed changes.
